## Feng Shui In The Summertime

**Ginette Hunter**  
[Harmony in Design](http://Harmony in Design)

Welcome to the long awaited and anticipated season of Summer! In Feng Shui reaching's, summer is associated with the robust energy of Fire.

After spending much time indoors, we are finally encouraged to open windows and doors to invite the beautiful fire energies of summer into our homes and our lives.

You may be wondering how the Fire element actually affects us all? Fire ignites our driven side, invigorating us to begin and complete projects and activities which lacked energy from previous months, it also represents area's in our lives.

By looking at both the outdoor and indoor locations of our homes/ businesses, I will explain how we can learn to apply Feng Shui techniques to not only understand these spaces but to understand ourselves.

As an established Interior Decorator with over 40 years experience, **Ginette Hunter's** passion to understand design led her to discover, study and become a Certified Feng Shui Practitioner in 2007. In 2010, **Ginette** founded "[Harmony in Design](http://Harmony in Design)", a Feng Shui Consultation business. **Ginette's** designs continue to expand her life long study by implementing positive, healthy, sensitive changes in her clients homes, businesses and lives which is an honour and a great blessing.
