## Discovering Your Superpower

**Louise Neil**

You have these strengths, skills, gifts, and talents that, when combined, are unique to you. We don't spend enough time really understanding what it is we bring to our work, our relationships, and our whole lives.

In this short session, learn to step out of the shadows and throw on a cape with a renewed perspective on your impact and unique value to shine in all the places in your life.

Louise Neil of [Pivoting Point Career Solutions](http://Pivoting Point Career Solutions) has been helping people uncover what they really want for over 20 years. First as a data analyst and project manager and now as a career, leadership and life coach. Being able to help people uncover what they really want, format an outcome full of life and connection, and design a plan with meaningful action.

Business and Professional Women is an equality-seeking group working toward the improvement of economic, political, employment, and social conditions for women.

BPW Niagara Falls holds monthly meetings, which provide opportunities to stay informed on women's issues, to enjoy a guest speaker, and to network with other working women. We also hold social events with several active committees.
