SDGs: Sustainable Development Goals

Carolyn Savage
BPW New Zealand

Over the next fifteen years, with these new Goals that universally apply to all, countries will begin to mobilize efforts to end all forms of poverty, fight inequalities and tackle climate change, while ensuring that no one is left behind. Something we are very much in need of today.

Join us for this very informative and interactive meeting to find out more about what we as women can do to help women, their families & the world as a whole.

With over 12 years as a Registered Architect and a volunteer committed to making a difference. **Carolyn** has accumulated a variety of skills and knowledge over 30 years developing both personally and professionally which has been reflected in her Myers Briggs training. Her skills have included management of a small architectural and building services company to leadership and senior positions in a team environment. Over the last 4½ years she has further diversified her career portfolio gaining extensive experience in remediation work for the Ministry of Education and Body Corporate projects and full site development of service stations.

And WE DID ! Since 1917...
