## SDGs: Sustainable Development Goals

**Carolyn Savage**  
BPW New Zealand

Over the next fifteen years, with these new Goals that universally apply to all, countries will begin to mobilize efforts to end all forms of poverty, fight inequalities and tackle climate change, while ensuring that no one is left behind. Something we are very much in need of today.

Join us for this very informative and interactive meeting to find out more about what we as women can do to help women, their families & the world as a whole.

A Registered Architect for almost 16 years and a volunteer committed to making a difference, **Carolyn** has a variety of skills and knowledge. Over 30 years developing both personally and professionally has been reflected in her Myers Briggs training. Her skills have included management of a small architectural and building services company to leadership and senior positions in a team environment. Over the last 4½ years she has further diversified her career portfolio gaining extensive experience in remediation work for the Ministry of Education and Body Corporate projects and full site development of service stations. A little fact for general information: **NZ has now reached a staggering 27% of women registered architects, such a hard profession for women to gain this.**

Business and Professional Women is an equality-seeking group working toward the improvement of economic, political, employment, and social conditions for women.

BPW Niagara Falls holds monthly meetings, which provide opportunities to stay informed on women's issues, to enjoy a guest speaker, and to network with other working women. We also hold social events with several active committees.
