Diverse Perspectives:

It Truly Takes a Village to Create a Well-Seasoned Stone Soup!

Toby Toth

Scope Consulting

Join Toby Toth of Scope Consulting for a guided conversation on how Diverse Perspectives positively transfer to Leadership and Business Skills. Diverse Perspectives is designed to engage everyone in the whys and hows of deepened and broadened perspectives. Not only does this session work to widen our lenses, deepen our empathy, and strengthen our connections, it also covers material that bolsters transferable leadership and business skill sets.

Toby Toth is an entrepreneur, consultant, and former Officer in the Canadian Military. Following her military service, she trained in mediation, tutored teens and adults, and designed training programs such as Stone Soup, a facilitated discussion on communication and bias. She has spoken on employment equity, diversity, and multiculturalism and volunteered extensively in her community.

As President of the BPW Club of Hastings & Prince Edward, she has worked on provincial and national BPW committees focused on advocacy, including Reproductive Rights and Justice.

Through Scope Consulting, she provides tailored Command, Control, and Communications (C3) solutions to organizations, leveraging her expertise in leadership, decision-making, and strategic planning.

Business and Professional Women is an equality-seeking group working toward the improvement of economic, political, employment, and social conditions for women.

BPW Niagara Falls holds monthly meetings, which provide opportunities to stay informed on women's issues, to enjoy a guest speaker, and to network with other working women. We also hold social events with several active committees.
